Masami kurumada

I debutted in the manga world with this "SUKEBAN ARASHI" in the summer of my 20th year. Those days i was just an assistent.

When I took my first job of my life, a book, I read it at the restaurant, in the bar, in my musty and sunless, tiny apartment (four tatami and half = 7.4Sm²), I read it many many many times... ah.... self-satisfaction!
